WHAT IS WORLDQUEST? Academic WorldQuest is a national education program with the goal of informing and engaging high school students in global affairs. The Maine competition, one of 50 nationwide, is unique in offering a spirited multi-age contest for high school, college, and adult teams.

HOW DO WE PLAY? WorldQuest is played by teams of 4-8 people representing high schools, colleges, organizations, or businesses. The game consists of 6 rounds of 10 questions. A study guide is available on our website.

WHAT CAN WE WIN? Thanks to a generous donor, the top high school team receives a $4,000 travel stipend to compete in the Spring 2019 national Academic WorldQuest competition in Washington, DC. Corporate teams win a trophy and bragging rights! The CIEE team is eager to defend their 2018 title.

COST: Corporate teams are $500 for 4-8 players. We encourage businesses to sponsor a student team for $500 – you will be recognized as a sponsor! Individuals can join the games too - $35 for members, $50 for non-members.
